MEMORANDUM TO: CA/EX - Mr. Ronald K. Somerville

FROM: OCS - Alan A. Gise, Deputy

SUBJECT: Extension of Travel Orders for Charles M. Wyman at Dover AFB, Delaware

REF: My memorandum of February 27 re Travel Requirements

I have just learned that Mr. Wyman's travel orders expire today. Since the issue of disposition of the bodies from Dover has not been resolved and bodies are still being claimed by next of kin, it is necessary to continue Mr. Wyman's temporary assignment to Dover for at least another 30 days. (If you remember DOD insists on having a State Department liaison officer at Dover until the last body is removed.)

I anticipate that the judge in San Francisco will make a decision on the emergency relief plan within two or three days. Approval of this plan by the judge will facilitate removal of the rest of the bodies but I do not anticipate that the plan can be completed prior to the end of March.

Therefore I request urgent extension of Mr. Wyman's orders and telephone confirmation of this to either Jay Rini on ext. 28055 or myself so we may immediately notify Mr. Wyman at Dover.
